Letter from the Editor

Thanks for subscribing to our newsletter. Each week, you'll receive an email with our latest posts and timely travel information. You can subscribe anytime.

As a thank you, here are is our complimentary travel planner. The first page contains some of our top travel tips.

The next four pages are our planner pages. If you are going on a cruise or visiting a theme park, the first two pages in this section will be especially helpful.

Print as many of the theme park pages as you need - one per day of your trip. You should only need one copy of the cruise planner sheet.

There's also a general vacation planning section. Print as many of the second page as you need.

The next section contains our packing lists. We have packing lists for cruises, solo trips, theme park trips, beach trips, and city trips.

For most of these, you'll find a master list as well as a list per child. If your kids are old enough, give them their own list and let them pack. You can just check their items before putting them into the suitcase.

This planner is for your personal use only and cannot be posted or sold.

7 Family Travel Tips

Our website is filled with family travel tips and ideas, but here are seven of our favorites that can help you on your next family vacation.

01

PACKING CUBES

Use packing cubes to pack separately for each family member. Put those cubes right into the drawers at your hotel.

02

PACKING SUITCASES

Spread everyone's belongings evenly among the suitcases in case one bag gets lost.

03

PACKING TOILETRIES

Always have a kit of travel-sized toiletry products ready to go. Check the expiration dates before you leave.

04

APPS

Download apps on your phone before leaving so that you can do research on the go. Include apps for hotels and destinations.

TIP 7: BUCKET LIST

Prepare a bucket list of destinations with your family. Include a variety of vacation types - beach, city, theme park, etc. When looking for your next vacation, start with that list.

05

ATTRACTIONS

Arrive early (before the crowds), while others are sleeping or getting a slow start on the morning.

06

TICKETS AND PACKAGES

Check attractions before you leave to see if you should buy tickets early. Some places offer timed entry. You may also save money by purchasing attraction packages in advance.
